Hattonvale is mid-way between Brisbane and the large Darling Downs city of Toowoomba. This Spectacular sign is located on the right side of the road facing traffic travelling from Brisbane towards Toowoomba, and commands uninterrupted viewing for several kilometres.

This unavoidable Spectacular has huge impact and is one of Australia's largest free-standing static signs. It is also one of few advertising signs on the Warrego Highway, offering a unique opportunity to capture tourists and interstate travellers.

Nearby: Marburg Showground, Sunshine Ranch Holiday Camp, Marburg and Minden Primary Schools, 22kms from Gatton and 59kms from Toowoomba.
