Situated on the left hand side of the road this excellent site faces traffic travelling into the Townsville central business district.

It is one of only two Supersites that face traffic heading into Townsville.

Saunders Street is one of three main roads used to access Townsville's CBD.

Any traffic travelling along the highway from the south use this road as the easiest and quickest way to access the city.

Nearby: Heads towards Townsville CBD and the bayside district including the Townsville Harbour and Marina, the Casino and Entertainment Centre, Reid Park and civic centre, several sports fields.
